SOUTH PARIS

Lodge Presented Jewel

J. A. Kenney one of the oldest Pythians in Maine in years of membership, was presented a veteran's jewel for completing fifty years service in the Knights of Pythias.

The brief exercises took place at the regular meeting of Hamlin Lodge No. 31 Friday evening before a large gathering of brothers. Hon. Alton C. Wheeler made the presentation on behalf of Hamlin Lodge and spoke eloquently in a manner befitting the occasion. Mr. Kenney, although taken by surprise, responded feelingly. Among the other speakers were Grand Officer George John Everett of South Paris, Henry Woodworth, who extended congratulations of Pennessessee Lodge, Norway, and members of Hamlin Lodge. Mr. Kenney was made a Knight in Hamlin Lodge No. 3 at Portland, June 4, 1872 and the first charter member and really the founder of Hamlin Lodge instituted some thirty years ago. He was instrumental in organizing lodges at Bryant's Pond, Randolph and in other Oxford County towns. He is one of the few men to devote practically his whole life to a fraternal order, receiving no financial reward, but gaining a rich experience and the mental satisfaction derived from good works.

The jewel is solid gold, bearing the Knights of Pythias emblem in enamel and raised gold work. On the back is engraved dates showing the fifty years service.

## BASEBALL

Twin Towns 6; Augusta 1

Hard hitting and snappy team work behind King Bader, the former Red Sox hurler, defeated Augusta at the fair grounds Thursday afternoon, July 20th. The game was speedy and exciting but the visitors were at Bader's mercy and unable to bunch hits successfully. Both outfields played without errors. Fisher, the twirler for Augusta was hit freely every Twin Town player but Bader landing for at least one safety. Carl Fuller at short accepted eleven chances and pulled off several sustained stunts. Kilpatrick in that position for the visitors also worked smoothly and gave a fast exhibition. The score:

**Kezar Falls 5; Twin Towns 2**  
Bunching hits are assisted by some slipping from the Twins gave Kezar Falls a victory over the home outfit at the fair grounds Saturday afternoon. Hunt and Linscott were pounded hard but the visiting twirler received the better support in pinches and escaped with the game neatly bagged.

Masterson's gamblers scored their only marks in the second, although opportunity knocked at the door in the third, sixth and ninth. The lucky inning opened with Frank Loud's single. Ed Louie slammed a grounder through short stop, Masterson was retired at first. White went out on a sacrifice fly to left and the first runner scored. Carl Fuller laced a two sacker into left center, bringing Ed Loud home. Keville was called out on strikes and closed the inning. With two cold in the third, Masterson singled safely, White also singled into left, both died on bases as Fuller passed out on first. In the sixth White put a beauty over into right but Benson who was running for him was forced by Fuller's slam to short stop. Keville sent a safety to center, was advanced when Sharples sacrificed. Kirkstein went out on a fly to center. Another chance in the ninth went wrong, with one gofie Kirkstein laced a double beyond center field, went to third when Kenney, a pinch hitter for Hunt singled to left. Kenney ran into a batted ball between second and third and Kirkstein who crossed the run was sent back. The team was retired as Loud went away on first.

Keville handed down a high sweater in the crowd behind third, and Fuller snapped up a number of neat speeders in his territory.

The visitors tied the score in their second scramble with three singles and a double in rapid succession. In the fifth Fox opened with a single into center, Johnson duplicated it, White missed Mitchell's fly and a runner crossed. Two scores in the six were earned with four single and a felder's choice. Taken altogether the visitors played into great luck and hit to the best advantage, Hunt being unable to get the stuff on the ball.

**Twin Towns 3; Farmington 1**  
Slugging the sphere in the first session piled up three marks for Twin Towns and gave a lead held to the end. The game was played at Farmington Wednesday afternoon and an air tight contest it proved after the awful whalloping.

Twin Towns bottled their runs with singles from E. Loud and Masterson with doubles put over by Fuller and Keville. Cannon chalked up the solitary run for Farmington in the third on a two sacker and scored when F. Loud went into a mislay.

Farmer Hunt hurled a steady game, allowing only four scattered hits. He retired five by the air route. Gray, the opposing mound artist was effective at first, but the first bad session and kept the Twins from bunching hits, although singles were found in nearly every inning.

George Keville was the strong arm willow swinger and recorded a double and two singles on four chances. Summary:

**Twin Towns 7; Livermore Falls 4**  
Twin Towns broke the dead lock in the seventh inning at Livermore Falls Tuesday and won with a comfortable margin. Frank Loud was the king pin hitter, securing four safeties in five times. Masterson was up to his standard and salted down a two sacker.

Runs came in bunches, neither team being able to score until the Twins fell on to solid ground in the fifth with three marks. Livermore matched it in the sixth, but the "lucky seventh" for the Twins boosted the total beyond the reach of the home outfit. C. Jordan and Drotter were the heavy hitters for the locals. Benson twirled a steady game.

**Ward 8 Team Won Opening Game**  
The recently organized Ward 8 Heroes played their first game Saturday afternoon, winning over Locke's Mills at that hamlet. The score was 4-2.

The Heroes went at it with very little practice as the line-up was uncertain until the eleventh hour. Freddie LaFrance staged a regular come-back and pitched some game besides smashing the pill for three singles and a double on five times up. The score:

**Sun Boys Defeated Wind Jammers**  
An exciting ball game was staged on Turkey Ridge Monday between the Sun Boys of Norway and the Wind Jammers of Paris. The teams were about 50-50 until the sixth inning when the Sun boys hammered in seven runs, and jumped into the lead which was kept until the end. The "jammers" put up some inside stuff but were squelched by the snakey pitching of Emerson of the Suns and their heavy hitters.

## NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge

The case of Harry E. French charged with embezzlement continued until Saturday was dismissed. A full financial settlement had been arranged during the week. It was learned the alleged transactions were made in another county so the local court had no jurisdiction in this case.

**Opening Drive For Chautauqua**  
The big drive for Community Chautauqua started Tuesday evening when a thousand people assembled on and about the lawn at the Congregational Church for the concert and free movies. Two hundred automobiles were parked along Main street and night officer Earl Barker handled the traffic without confusion.

While waiting for darkness, and the patrons from a distance to arrive, the "Norway-Paris band" rendered a popular concert from the steps of the church. They also played several selections during the first hour of pictures.

The projector and screen were set on the lawn opposite Paris street and all available chairs and tables in the church were arranged before the screen. These were taken quickly and the majority unable to secure seats formed a solid fringe around the group and held tight until the late flicker on the screen.

An animated comic cartoon opened the program, followed by a scientific extravaganza, "A Trip to the Moon." This reel showed the possibility of visiting our nearest neighbor while traveling comfortably within a projectile.

The "stills" were photographic slides showing Community Chautauqua executive offices at New Haven, Conn. together with glimpses of the Yale College campus. Likenesses of the officials handling the chautauqua were received with applause.

Especially was Carl H. Turner remembered as Mr. Turner as assistant general manager opens the campaign here every spring and has many friends and acquaintances in the Twin Towns. The modern way of handling the "big top" in comparison to bungling methods years ago, and Junior Chautauqua scenes were flashed on the screen. Artists to appear on the platform during chautauqua week introduced in pictures with an introduction for each individual and group.

A fitting climax was the typical Douglas Fairbanks five reel feature "The Americano." Plenty of action and excitement linked with a happy evening sent the throng home greatly pleased with the entertainment and enthusiastically over the community's efficient service.

Mrs. S. F. Neiss, the organizer, was introduced by Pres. E. N. Swett and urged all to work as a unit and cooperate during chautauqua week. Hospitality toward the workers with the outfit and talent was urged as the strongest endorsement the towns could give to the Community Chautauqua management.

The ticket drive started Wednesday and the demand is great. Nearly 600 were pledged last year, but a campaign is on to sell at least 1,000 season tickets. Pres. Swett as the Norway voting list to work on and divided the town into districts with assistants in every section. South Paris is also going at it to win.

**Changes in the Austin House**  
Alterations on the Austin residence now the property of Mrs. Victorine Blanchard are progressing rapidly with H. H. Hosmer the boss carpenter. Outside the verandas and bay windows have been removed and connections made with the public sewer. The interior is going through sweeping changes with partitions torn out to enlarge rooms on the first floor. Upstairs four chambers will be added with a bath room for each, and an extra bath room on the first floor. One chimney is to be removed and two will be built on the outside next the end gables. Five fireplaces will go in them. Front and end porches will completely change the exterior appearance of Mrs. Blanchard's new home. The cellar bottom has been lowered some eighteen inches for the new hot water heating system and the basement will be enlarged.

When the residence is completed, attention will be given the lawn and surroundings which will be laid out in keeping with the beautiful home.

The American Legion Auxiliary held its regular meeting Wednesday evening in Legion Hall, the usual supper being omitted. The question of an honor roll was discussed and progress made to have a fitting memorial at an early date. Preliminary Convention to be held at Lewiston Sept. 6, 7 which the local auxiliary expects to attend in force. It was gratifying to learn Norway Auxiliary will receive a merit of honor to be awarded by National Headquarters for having full quota of paid up membership received at Department Headquarters by July 4th of the present year.

Unshar Gammon has been reappointed janitor at the high school for another year.

William Roberts of Fitchburg, Mass., is the expert saw filer at the C. B. Cummings & Sons Co. mills. The family occupy a rent in the Sheen house on Pearl street. L. H. Cushman's truck brought their goods here last week.

Thomas P. Kingsbury of Bath spent a few days this week with his sister, Mrs. Harley D. True.

Ladies of the Universalist church held their sale on the church lawn Wednesday afternoon with a good patronage. The various tables displayed aprons, underwear, home cooking and homemade candy. Refreshments were served during the afternoon. A supper under the European plan was served from 5:30 to 7 and 4 social hour followed.

## Annoying Kidney Ills

Make Life Miserable for Many Norway People

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed, a burden. Doan's Kidney Pills have given peace and comfort to many Norway people. Profit by this Norway resident's experience.

John F. Sampson, prop. painting estab. 174 Main St., says: "I was feeling run down and miserable. I was tired and nervous and my kidneys didn't act regularly. At times the secretions passed too frequently, then again they were scanty. My head ached night and day. A friend advised me to try Doan's Kidney Pills so I sent to Stone's Drug Store for them. When I had finished taking Doan's, the trouble left and I have not been bothered since. I can't certainly recommend Doan's Kidney Pills to anyone afflicted likewise."

## A DOUBLE WEDDING

In a quiet little village, back among the hills, "Among the rocks and mountains, "Among the brooks and rills. It was a quiet little wedding, For no wedding bells were heard, One hot day in midsummer, On July twenty-third. A brother and a sister who When young were left to roam O'er some wide and unknown country, Left to wander all alone. This brother and his sister joined Hand in hand with their groom and bride Are left to wander alone no more In this world so wide. A day long to be remembered, By both couples as we roam When we've sailed down to live In our future, happy homes. Here is hoping that no barrier May come between this happy four, And that a happy future Be with us forevermore. —Mrs. Ida Powers York.

## A LITTLE COTTAGE

It was just a little cottage, Standing close down by the shore, And in memory now I see it, As in childhood days of yore; It is true, a lovely, Just a simple, plain design, But no mansion was more lovely Than that boyhood home of mine. There were no green growing hedges Bordering the simple yard, Just a picket fence enclosed it, While two big trees stood on guard; There were no smooth cement driveways Winding close up to the porch, Coal ashes made a pathway. To that cottage by the shore, So I find myself thinking, In the city's glided way, Of a modest little cottage, Facing out towards the bay; Joys and cares were intermingled Castles built so tall and grand, Dreams of childhood clung to the shore, Names of pals traced on the sand. When the summer sun is shining, And vacation time gets near, That I find myself dreaming Of that cottage held so dear; Years have changed its old surroundings, Time remodeled it, I know, But in memory still it lingers, As it looked so long ago. —Rockland Courier-Gazette.

# Goodrich

announces

## new tire prices

—lowest cost mileage ever known.

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—the Goodrich one-quality standard. It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Think of being able to buy

### Communication TAXATION AND HIGH COST OF LIVING

The Boston Herald says: "The country does not know what it wants. It wants a change because of the continuing high taxes and high cost of living." The last statement is an apparent contradiction of the first. The country does know what it wants. It wants lower taxes and a lower cost of living. In short a return to normal conditions before the World War as was promised in 1920. What have our Congressmen done in this direction? This is the vital question for them to answer and the vital question of the hour. Over and above all political considerations with the people is the pressing need of a lower cost of living and lower taxes. If those in or out of public life who are responsible for the delay in restoring normal conditions do not know this they will find it out to their cost. Men and women who are capable of leadership and will do something in this direction will be in demand. Promises won't count for so much as they have heretofore. The people cannot always be fooled.—Comment.

The report comes from Washington that President Harding will veto the bonus bill if it is sent up to him on the ground that the country cannot at this time bear the great burden of such an outlay. This is extremely good news if true. The following is the authority for this report: (Special Dispatch to The Boston Herald) President Harding will veto any bonus bill passed by Congress. This is the information that was brought to the Capitol by men who have seen the President and who, it is asserted, have Mr. Harding's assurance that he will not, by his approval, place a new burden on the shoulders of the country in order to please the bonus advocates in and out of the Congress.

Already the Senate has been polled and the count of noses indicates that when the vote comes into that chamber the President will be sustained. It would require 64 votes to pass the bill over the President's veto and 30 of the 58 votes necessary to uphold the veto are assured. The anti-bonus group are certain that the additional three necessary to assure the victory will be obtained.

In the last 10 days three men are said to have talked with the President and to each of them, it is said, he announced he would veto the bonus measure if it reached him during this session of Congress. His attitude in the next Congress will undoubtedly be the same as in this, say those who profess to be able to speak with authority.

The President, it was said, is convinced that sentiment against the enactment of bonus legislation in increasing throughout the country and he is, furthermore, convinced that neither the treasury nor business is in a position to stand the shock of a new debt of somewhere between \$4,000,000,000 and \$7,000,000,000.

Even Senator Lodge couldn't approve of the excessive duty proposed by the Senate tariff committee on gloves and followed the lead of Senator Lenroot for the minimum duty of 75c. So it seems that the "kid-glove" fellows balk at some items in the proposed tariff bill. It will be noticed that Senator Hale voted as Lodge did and does. Is it another case of "me too."—Comment.

The Hamilton, Mass. tax rate is only \$17. on \$1000. They must have good managers there but not quite up to some town farm managers in Oxford County.

Governor Brown of New Hampshire appears to have a backbone of some consistency. On the call of the Mayor of Concord, he promptly ordered out the militia to protect the life and property. And it is said that he instructed the officers to order shooting in case of necessity. Governor Baxter too, tells President Harding that he is ready to act in case it should be required. The New England Governors are made of the right stuff and can be depended upon to do their duty and not fool with mobs and rioters.

Sheriff Graham of Portland leads the civil forces in prescribing the use of "cold lead" where life and the destruction of property is threatened. The Governor of Illinois cuts a very sorry figure in coddling the Herrin murderers. Governor Allen of Kansas is of different material. He does things and is quite likely to be in Congress later and perhaps go higher. Strikes are not the legitimate way to settle difficulties where as is generally the case the public and innocent parties are injured.

Whoever starts a strike should be condemned by public opinion and when one or more men quit their jobs, they should do it for good and not molest or interfere with others who are willing to take their places. The free and open shop must come.—Comment.

### FRYEBURG

#### Auto Accident

While returning from a funeral at East Fryeburg in their automobile, the car of Mr. and Mrs. George H. Walker, with their son Philip Walker as driver, was run into by another car near their home, the Walker Hill Farm, Mr. and Mrs. Walker were thrown out, Mr. Walker receiving a severe shaking up and Mrs. Walker several bruises on her body. No bones were broken. It was a very narrow escape from serious injury, as both machines were badly damaged.

The other car was from Michigan and the driver was a stranger to this part of the country and did not know there was a bridge at the foot of the hill where the cars collided.

## NORWAY AND VICINITY

(Communication)

To the Editor of the Oxford County Advertiser:

In as much as you have printed a criticism of "Foolish Wives," appearing in the Rex Theater on August 3rd, and because the article indirectly casts reflections on the theater and my management of it, I desire to reply and receive the same publicity you have given the undesired criticism. Von Stroheim (Miss Dorr has the name wrong) is an Austrian by birth, not German. But there are many German names appearing among the cast of characters of many pictures. Too many men of German origin fought with the allies and too many hold positions of honor and trust in this country, to permit of such wholesale condemnation. Incidentally, Von Stroheim, of Austrian birth was here in this country throughout the war with the exception of the first year.

Miss Dorr would give the impression that the Universal Film company has cheated the people because the picture was not "shot" at Monte Carlo. It has been a matter of great pride to the Universal that the stupendous production was filmed in this country. On all advertising this fact is made prominent. "Made entirely in California," prominently appears on its publicity matter.

The greatest error appearing in Miss Dorr's criticism is her effort to perpetuate the old fallacy that nastiness pays at the box-office. It doesn't and never did. Curiosity may attract the morbid for a few showings, but the history of all questionable films shows they have short runs. Miss Dorr denounces "Foolish Wives" as being a "play of the lowest standard," and so on through the whole list of obnoxious. This picture played a full week at Keith's Theater, Portland, beginning June 19th, and was enthusiastically received.

The "Motion Picture News" for August, gives a resume, page 501, of the year's best pictures from July 1st, 1921 to July, 1922. The eight best attractions are listed as being: "The David," "Orphans of the Storm," "Hungry Hearts," "The Three Musketeers," "Bits of Life," "The Loves of Pharaoh," "Foolish Wives," "One Glorious Day."

Now let's see what critics other than Miss Dorr have said about the merits of "Foolish Wives."

"Picture without a flaw. Best picture I have ever seen"—from New York Tribune. "As fine as any picture ever made in this country. One hates to leave it."—from N. Y. Morning Telegraph. "Surpasses all former films."—from N. Y. Evening Telegram. "It is amazing. A big picture"—from the Boston Herald. "Excels in many ways anything hitherto done on the screen."

"Los Angeles Evening Herald." "Cannot be overpraised as a stupendous and magnificent screen production."—Philadelphia Record. "Masterpiece of production. Story dressed in regal magnificence."—Philadelphia Public Ledger.

Notices couched in similar terms of praise have appeared throughout the entire press of the United States wherever the picture has been shown. Now I wonder did Miss Dorr ever see the picture, or if she can find any printed criticism wherein it is stated that the picture is unwholesome. When she stated in your paper, "Is it possible that the thinking public will stand for this picture, etc." she either said too much or too little.

Incidentally it would be illuminating whom Miss Dorr lists as belonging to the "thinking public." A prominent Norway business man who saw the picture in the making and saw the best people of Los Angeles and San Francisco volunteering their services to give elegance to the social scenes? Presumably not. Or the president of Norway manufacturer who recently saw the picture in Bangor and has nothing but praise for it? Undoubtedly not.

As the manager of the Rex Theater for three years I have endeavored to give Norway the best and cleanest of pictures. All people will never like the same picture but in the diversified program I have offered I have omitted nothing questionable, nothing unfit. "Foolish Wives" is a stupendous production and is entitled to the universal praise it has received from trained critics.

Yours very truly,  
W. E. DeCrotoen.

Billy White Played Organ Grinder  
Billy White, the popular centerfielder on the Twin Towns, played the role of "Toney De Macaroni" Saturday forenoon while juggling a hand organ on Main street.

The arrival of our aged Italian organ grinder with his fine instrument, and a push buggy was the proper setting for the one reel comedy featuring "Big Bill." William is a swatter at the bat, also an extra base hitter on the organ handle. He entered the game near Barber Cook's tontorial parlors and the crowd gathered to watch Billy work and sweat.

Never before had that poor old organ with wheezy tune received such hard usage. The Italian stood terrified to hear "Wearing of the Green" chopped into a shimmy and Home Sweet Home, rolling out in fox-trot tempo. Billy sure had pep and cranked in high while the instrument and carryal creaked in the joints and groaned under this strenuous treatment.

The ball player is a sure money getter. Coins arrived in showers as the dices under Billy's magic touch leaped to the ragged specimens of rag. Barber Cook's musical temperament collapsed after a spell and he sallied from his shop with a donation for the hat—a cab-bage. Even this rebuke failed to check the speed of William's strong whip, and he kept grinding. The clerks in Store's Drug Store brought out cooling drinks from the soda fountain and this ardent did the trick. Billy quit soon after gulping down the refreshments. Some said the beverage was doped and the only means in sight to stop the agony. Other remarks were to the effect that "Billy played for the free handout, getting this he was satisfied."

The "dope and hand out" theories are wrong. He worked to assist the aged man who has visited us some thirty years with same organ and occasional change in program. A good sum of money was contributed during the escapade and the smiling Italian journeyed on, richer and happier for this harmless fun.

One American who is having a hard and frantic time keeping before the public gaze is James W. Gerard, formerly ambassador to Germany.

# BUILT BETTER than Cars that Cost More

A careful analysis of the construction and complete equipment of the Light Six will convince you that it has no duplicate in value in the light car class.

For instance, the machining of the crankshaft and connecting rods on all surfaces is a manufacturing practice that is found only on costlier cars.

This particular operation is mainly responsible for the fine balance of the Light-Six motor and its remarkable freedom from vibration at all speeds. It also has an important bearing on the wearing quality of the car and on its long-lived dependable service.

The exceptional values in the Light-Six are possible because practically every part that goes into the car is manufactured complete in the most modern plant in the world. Parts-makers' profits are practically eliminated. Important saving through better methods and bigger volume permit greater value to the buyer.

From the standpoint of shrewd investment you should find out why the Light-Six offers you so much more for your money in performance, service and economy.

## OTISFIELD

Celebrated the Century Mark Mrs. Eliza S. Greenleaf of Otisfield celebrated her 100th birthday Wednesday, July 19 with about fifty of her descendants in the happy party. She received many postcards of congratulations beside personal greetings from neighbors and other friends delighted to show sincere respect on this occasion.

A birthday cake decorated with a hundred candles was a present from the children and several boxes of confections, fruit of all kinds and many flowers were among the gifts.

A beautiful dinner was gotten up by her daughter, Mrs. Carrie E. Greenleaf and son Percival Greenleaf with whom the aged lady lives. The tables were set in two rooms to accommodate all with the venerable lady at the head of one table as guest of honor. Post prandial exercises included a song composed many years ago to the tune of Auld Lang Syne. This was followed by a poem composed by Mrs. Elmer Greenleaf of Auburn, on the occasion of a recent visit to her grandmother.

After the exercises the party adjourned to the lawn where five generations were photographed in one group, and later the entire party were "snapped." The remaining hours were devoted to story telling and pleasure.

Mrs. Greenleaf was born in Minot, as daughter of Zebulon Davis, Jr. and Elizabeth Chandler Davis. Her mother was a daughter of Nathaniel Chandler who served in the Revolution under Washington and her grandfather was one of the early pioneers. Instruction in the strict religious doctrines of her younger days she united with the Congregational church under Parson Jones and has been a staunch and faithful disciple to this day.

She married Samuel Knight Greenleaf of Otisfield and ten children came to bless the home. Since the death of her husband in 1878 the children have opened their homes to her and given welcome at all times.

Mrs. Greenleaf has retained her mental faculties to a marked degree and has a keenness for present day events. Quite naturally her mind returns to the scenes of the long ago, which are very dear in this age of bustle and thoughtlessness. As a child she learned to weave and spin and could cook by the open fire place long before stoves were known. She has resided on this farm fifty-four years but lived in Otisfield some years before.

Among the number present were: Children: Wm. M. Greenleaf, Mrs. Chas. E. Greenleaf, P. C. Greenleaf, Mrs. Carrie E. Union, Mrs. Augusta G. Haskell, E. M. Greenleaf.

Grandchildren: Mrs. Bertha Stone of Alfred, Elmer D. Greenleaf, Harry C. Greenleaf of Mechanic Falls, Mrs. E. A. Vosmus, Mrs. A. G. Shicker of Portland, Miss Florence Greenleaf, Mrs. Freedom Goss, Mr. Ralph Haskell, Mr. Bernard Haskell, Mr. Ernest Greenleaf of Otisfield.

Great Grandchildren: Richmond G. Vosmus, Lyndon H. Vosmus, Ruth V. Vosmus, Dorothy G. Davies, Harrison C. Greenleaf, Edith C. Goss, Mrs. Forest Russell of Alfred, Henry P. Greenleaf, Ernest L. Greenleaf, Hartley P. Greenleaf, Jr., Harry F. Goss.

Great Great Grandchildren: Parker Russell of Alfred, 4 years old. Others present: Mrs. Wm. Greenleaf, Mrs. E. M. Greenleaf, Mrs. E. D. Greenleaf, Mr. Freedom Goss, Mrs. Ralph Haskell, Mrs. Bernard Haskell, Mrs. Harry Greenleaf of Mechanic Falls, Mrs. P. C. Greenleaf, Mrs. Ernest Greenleaf of East Otisfield, Mr. A. G. Shicker of Portland, Mr. Forest Russell, Mrs. Sadie Russell of Alfred, Mr. and Mrs. Chas. Hill and Mrs. Annie Allen of North Bridgton, Mrs. Jessie Hill of Greenfield, Mass., Mr. and Mrs. Frank Atwood of West Minot, Mrs. Martha Love of Brockton, Mass., L. C. Bateman.

They used to say that the shortest distance was a straight line between two given points. Now days the shortest distance is the distance between the marriage altar and the divorce court.

## Observed Eleventh Anniversary

(Continued from page 1)

Ellen Wentworth Tubbs, daughter of Mr. and Mrs. James N. Tubbs observed her eleventh birthday Wednesday with a party at her home from 3 to 6 P. M. The young guests were entertained on the veranda which had been tastefully decorated in pink and green. Refreshments were served on tables; the menu included sandwiches, fancy cookies, sherbet and punch. Best of all was the fine birthday cake especially decorated for the occasion. After the games, a group photograph was taken. Many gifts were presented the young hostess.

The guests were Leona Babcock, Gertrude Babcock, Virginia Tubbs, Dorothy Pratt, Caroline Downing, Elizabeth Sanborn, Mae McAllister, Etta Rowe, Irene Tubbs, Mildred Huff and Grace McAllister.

According to reports Private George M. Lowe, Co. C. of Norway won third place and a \$5 prize in the 103 Regt. target practise at Camp Devens.

L. W. Cushman's coal pocket near the shoe shop siding has assumed the shape of two silos with a small house on top. Part of the unloading machinery will be placed in the house and fuel distribution into the pockets will be controlled from that point. Delivery trucks will get their load from doors near the base.

T. Frank Ladd of Dorchester, Mass. arrived Monday for a visit of several weeks with Mr. and Mrs. V. T. Smith. Donald Rice of Lewiston, motored to town Wednesday for a visit with acquaintances.

Oscar Valmore Edwards

O. V. Edwards, who passed away at his home in North Bridgton on July 11, 1922, was born in Otisfield in 1850. He was the son of Charles and Lucy Stone Edwards. In early life Mr. Edwards took up carpentering which he made his principal business, although he followed other lines of work as occasion demanded. He could build a house from underpinning up, doing the masonry, the painting and papering, etc., himself.

One man, for whom he built a house in Old Orchard said he liked to employ Mr. Edwards because he could turn his hand to almost anything," adding, "I never saw another man who could do so many kinds of work and do them all well."

Mr. Edwards was twice married. He had one son, Russell C., by his first wife who was Lucia, Edgely of Otisfield, and this son inherits his father's skill and ingenuity in a marked degree. Later he married Mrs. Eliza Smart of Sweden, where he lived for some years. He showed all the kindness of an own son to his wife's aged father and mother who lived near and seemed like an own brother to the sisters in this family, being always ready to lend a helping hand. Not often is there such sincere affection between a step-father and children as there was in this case. One of the latter said to the writer of this sketch: "I don't think there is anything that father could do for me if I needed it, that he would not."

Outside of his family many people will remember unobtrusive acts of kindness of which he never spoke. He was of a cheerful disposition and inclined to look on the bright side of life.

While in Sweden he was a member of the board of selectmen for several years and was postmaster at Bolster's Mills where he spent a large part of his life. He was a charter member of the Masons in that place. Crooked River Lodge and a member of Oriental Commandery No. 22 of Bridgton, Me. For some time Mr. Edwards had been in failing health, but seemed to be gaining recently, when his malady took a sudden turn for the worse and his son came at once to his father's home and remained there until he died as did also Dr. Smart and Mrs. Brown of Worcester and Lancaster, Mass., respectively, being two of his step-children.

Funeral services were held at his late home where many neighbors came to show respect for the dead and sympathy for the living. Rev. L. W. Witham of Harrison Federated Churches and No. Bridgton spoke words of comfort. The flowers were many and beautiful. Mr. Edwards survived by his wife and one sister, Mrs. Martha Wright of North Bridgton besides his son. Interment was in the Bolster's Mills cemetery.

How true the saying the more one has the more one wants. It would seem that any laborer ought to be satisfied with from \$3.00 to \$7.00 per man for a day's pay and not go on a strike as they are doing at present, and then endeavor to hinder others from working, even to the taking of life and destroying property as well. These unions are a curse to the country and should be condemned by every honest man and woman. Every man has a right to work when and where he wishes to.

## EAST FRYEBURG

Mrs. Enoch W. Pike. The many friends of Mrs. Elizabeth Wiley Pike were shocked and deeply pained to learn that her illness of over a year's duration had terminated fatally. Mrs. Pike had been treated by specialists and it was though all danger was past when a most unexpected change occurred. All that love and skill could do was done to save the life of one who seemed so indispensable, but in vain.

Mrs. Pike was born in Lowell but had lived in East Fryeburg since early girlhood. She was wedded to Enoch W. Pike twenty-one years ago and their home life was happy. Two lovely daughters are left to comfort the husband. Mrs. Pike while her first interest was in her home was a broad-minded woman of rare intelligence, sweet personality and was always ready to aid in every good work. Her presence and influence will be greatly missed in the community as well as in the home.

Besides her husband and daughters, Mrs. Pike leaves a brother and an aged father-in-law for whom she cared many years, also many dear relatives of her husband's who were very fond of her and numerous friends.

## BUCKFIELD

Mr. and Mrs. Thomas Given are settled in the Tilton rent on Hill street. ## EAST OTISFIELD

Observed One Hundredth Birthday. A very pleasant day was passed at Broadview Farm, the home of Mr. and Mrs. P. C. Greenleaf on Wednesday of last week July 19th, being the 100th birthday of Mr. Greenleaf's mother, Mrs. Eliza S. Greenleaf. All of her children living were present. List of those present is given in article under Otisfield on page 4. The grandchildren unable to be present were Chester R. Union, Providence, R. I.; Francis H. T. Greenleaf of Lewiston, Me.; Harry P. Greenleaf, Auburn, Me.; William H. Greenleaf, Oxford; Mrs. Effie (Jackson) Martin, Vancouver, B. C. Great grandchildren: Robert Beedle Union, Providence, R. I.; Rowena A. Greenleaf, Avis L. Greenleaf, Glenice M. Greenleaf, Lewiston; Virginia A. Greenleaf, Oxford; Theodore A. Stone, Portland.

The rooms and piazza were beautifully decorated by Mr. and Mrs. P. C. Greenleaf with ferns, black-eyed susans and blue vetch. The sitting room fireplace was beautifully dressed with small spruce tree. Among the branches could be seen the brass trimmed andirons, tongs, and shovel, all shining as bright as could be polished, at one end of fire-frame stood an old brass warming pan of 100 years ago, at other end an ancient large fire shovel. Black-eyed susans with ferns also graced the fireplace.

Mrs. Greenleaf was the recipient of many gifts, including fruit and confections and other fancy articles, books, booklets and about 70 birthday cards. A bouquet of 100 pink roses from Mr. and Mrs. Hill, Mrs. Allen and Miss Jessie Hill, Bouquet of pinks from Mrs. Augusta Holden, a potted plant from Twin City Sunshine Society, a guest book designed by a great grandson 12 years of age was among the presents.

Owing to the rain of the previous night the dinner could not be served on the lawn, but in the dining room and kitchen of the home. It was a basket dinner contributed by each family represented consisting of sandwiches of various kinds, all sorts and shapes of cakes with all kinds of frostings, doughnuts, cookies, apple puffs, olives, cucumbers. At one end of the table was a beautiful decorated birthday cake bearing 1822, Mother 1922 from her children at the other end one no less delicious and beautiful but smaller from the "Hill" nieces and nephew from Bridgton. Lemonade was served with the dinner by Mr. and Mrs. P. C. Greenleaf. Ice cream and cake were served. During the afternoon a telegram of Congratulations and best wishes was received from a grandson unable to be present, Chester R. Union Providence, R. I. Later a telegram of congratulations and best wishes was received from Governor Percival Baxter.

Mrs. Bertha Stone has been visiting at her uncle's, P. C. Greenleaf's.

Mrs. Walter Kincaid and children who are visiting at W. P. Linnell's with friends from Somerville have gone on a fishing trip. On their return they will stop at Camp Ower, Harrison for a few weeks.

Mrs. Fannie E. Frost, Mrs. Fannie E. Monk, Miss Florence Sothorn, Leonard Dow and Francis Dow with John Jenkins as chaffeur all of Norway took a trip to East Otisfield by the way of Oxford last Friday visiting at Elmwood Cemetery with an abundance of beautiful flowers to decorate the resting place of Mrs. Frost's parents, grandparents and brothers with many more distant relatives. They also called on Mrs. Frost's sister, Mrs. Hattie Greenleaf. Mrs. Frost has made this trip once a year for many years on the same mission of love.

Mrs. Cora Thurlow entertained Mr. and Mrs. Walter Ham of Auburn and Mr. and Mrs. Roscoe Hill of Otisfield Gore Sunday.

Verna Brown of Auburn is spending her vacation with Mrs. Cora Thurlow.

### Memorial Service For Major Arthur Newman

A most appropriate, solemn and at the same time inspiring community service was held at the Congregational church Sunday evening, July 23rd to commemorate the passing of Major Arthur Newman, son of Benjamin and Caroline G. Newman, who was accidentally killed in a polo game in Washington, D. C. The decorations were very beautiful and a fine picture of Major Newman was the centre of the church. Capt. Clayton Pike was chairman of exercises having served with Major Newman in service and always having known him. Major Harold Wood of St. Paul, a former pupil of Major Newman's paid a most glowing tribute to his teacher and of the pride he had felt in following his career through West Point and his wonderful service during the war. "He was in every sense of the word, a thoroughbred," said Major Wood. Major Wood's remarks were most pleasing and he held the closest attention of his audience. He has a pleasing voice, a wonderful flow of language and showed his familiarity with and love for the man he was speaking of.

Rev. E. W. Wilde most touchingly referred to the home life of Maj. Newman and how wonderful a record he had made and read a beautiful poem written to the parents by their son Paul, an older brother.

Rev. John Whitehead spoke comforting words regarding the future life. Hon. A. M. Perry spoke a few words regarding Major Newman as a student at Fryeburg Academy. Appropriate music was rendered by a mixed quartette and solos by B. C. Snyder and Osgood Pike. Mrs. A. M. Abbott was accompanist and Archie Hurd was organist.

### How the Famous Disc Clutch of the Buick "Four" Proved Itself

The same design of disc clutch that was used in the powerful war tanks is likewise used in the Buick Four.

The Buick clutch under the most grueling conditions, has proved itself absolutely positive, dependable, and easy to operate—a clutch that demonstrated the same certainty and safety for unforeseen emergency that it did for ordinary service.

This thoroughly trustworthy unit is a development of 20 years consistent effort. It is typically representative of the standards governing the construction of the Buick Four throughout.

### STAR CLUSTERS

When it is considered that the study of distant regions beyond the galactic boundary, runs back only 20 or 25 years, calculations are bound to employ new values because of new discoveries and improved methods, but already fresh information of the structure of creation has been revealed to us. Perhaps many of these calculations of values will prove correct within 10%.

Only four years ago, students of stellar problems believed that the diameter of the galactic system was of the order of 1,000 parsecs (parsec 3.15 light years), now compare with this (Shapley) the present determination of parallaxes suggests that the actual diameter of the galactic system is of the order of 100,000 parsecs or 320,000 light years.

The change of values seems to be contemporaneous with the advent of the 60 inch reflecting telescope.

If a well scattered charge of small shot from a shot gun was fired at a target at short range, the marks on the target would well represent a star cluster. Now star clusters vary in type, some are open or scattered while others are called globular clusters, as their centers are condensed. A few coarse clusters like the Pleiades are easily discerned with the unaided eye, but only telescopic clusters are within the meaning of star clusters. Around 86 star clusters have been discovered.

The nearest cluster, Omega Centauri, is some 20,000 light years away. Perhaps the most distant cluster is in the constellation Delphinus, and is thought to be 69,000 parsecs or 220,000 light years away. Another distant cluster, 7006 N. G. C. (New General Catalog), is of the 19th magnitude. 7006 with adopted distance of 67,000 parsecs (214,000 light years), still holds its place as the most distant sidereal object of definitely estimated distance.

The most remarkable cluster is known as Messier 13, in the constellation Hercules, to the eye a faint hazy star, 12 degrees south of Eta Hercules, the ten brightest stars of this cluster are photographically fainter than the 17th magnitude. In it there is thought to be not less than 100,000 stars (or suns), all but about a dozen are within the southern celestial hemisphere. 30,000 star images brighter than the 21st magnitude are revealed with the 60 inch reflecting telescope at Mount Wilson, Cal. observatory. Parallax between 0''.00001 and 0''.00010 (seconds), some 36,000 light years away and the cluster is shown as it was 36,000 years ago.

Globular clusters situated outside the galactic plane are a part of it and are hastening toward it.

Probably the diameter of every typical globular cluster, exceeds 20 million astronomical units (units equals 93,000,000 miles).

The evidence grows continually stronger that the open and globular clusters occupy regions of space that are mutually exclusive.

The light emission of average globular clusters is 275,000 times that of the sun. The system of the globular clusters are a part of the galactic system.

The near and distant globular clusters apparently are similar as to count and absolute magnitude.

The equatorial planes of globular clusters nearest the galactic plane appears to be parallel to that of galaxy. There are 980,000,000 suns in the galactic system, according to Dean B. McLaughlin.

### The Wentworth Poultry Fountain

We have recently perfected and are now offering a new fountain or watering system known as THE WENTWORTH POULTRY FOUNTAIN. It has been developed with the idea of lessening the spread of diseases through the drinking of contaminated or impure water. The fountain or main body of water is entirely separate from the drinking vessel. Water is automatically drawn from the fountain and maintained at any predetermined depth in the drinking vessel. It will thus be seen that it is impossible for the main body of water to become contaminated, for it does not come in direct contact with water in the drinking vessel. The object, therefore, of the fountain is to automatically supply fresh pure water as required by the birds, and its advantages are as follows:

FIRST—The Drinking Vessel, being separate from the main body of water, may be rinsed or disinfected at will without interfering with the fountain or main water supply.

SECOND—There are no float valves, air tight caps, or anything of the sort to get out of order. Its construction is simple; its operation is positive and pleasing.

THIRD—It is durable—will last a lifetime, and is inexpensive.

Three Gallon Size, \$1.85 Five Gallon Size, \$2.45

Notes: Parcel postage for any point in New England or New York State, 10 cents extra.

Made and Sold by Wentworth Brothers, Cornish, Me.

### GREENWOOD

#### Gunplay Ends in Suicide

Otto Innonen a farm laborer and carpenter fired upon Antie Niskanen from ambush Saturday, inflicting wounds in the shoulders. Innonen believing he had completed his work, hurried away from the scene and shot himself through the fore head. Death resulted several hours later. Niskanen is at the Central Maine General Hospital and will probably recover.

The shooting took place at a farm in Richardson Hollow, Greenwood, as a result of Innonen's infatuation for Mrs. Niskanen. According to a story told the authorities Innonen asked Mrs. Niskanen to leave home and go with him to Canada. She agreed to do so provided a divorce could be procured. During a quarrel she told the plan to her husband and he had publicly threatened to kill the man.

Innonen to be forehanded is believed to have bought a 32 calibre revolver in Lewiston and returned Saturday where he lay concealed in bushes to kill the husband who had threatened his life. Two shots were fired, the first did not take effect. Innonen fired again, the shot striking on the shoulder. Fleeing up the highway Innonen completed his work by suicide.

Dr. W. B. Raymond of West Paris and Deputy Sheriff Harry O. Stimmon of Norway were called, after which Dr. H. L. Bartlett as medical examiner was notified and viewed the scene. Some hours later the remains of Innonen were removed to Leroy Spiller's undertaking rooms at Norway.

Innonen was about 27 years of age going from Finland to Canada about six years ago. He had been in Maine about a year.

Niskanen is 31 years of age, a prosperous farmer and has two children.

## Jno. Batchelor Back on Feet Feeling Fine

Gives Tanlac Full Credit For Remarkable Recovery From Stomach Trouble. Nothing Else Like It, He States.

"As I have taken no other medicine but Tanlac, I know it deserves all the credit for my present good health," said John C. Batchelor, No. 1 Portland Pier, Portland, Me.

"I had suffered from indigestion for seven months and had about lost my appetite entirely. After every meal I suffered intensely, and I lost a lot of weight. There were pains all over my body and especially around my heart. My kidneys bothered me, too, and there were severe pains across the small of my back. I had splitting headaches, could get but little sleep and my nerves were almost shattered. But Tanlac proved to be exactly what I needed, for it gave me back my strength and health and now I just feel good all the time. I have also gained fourteen pounds in weight. I don't believe there is another medicine that will do what Tanlac has done for me."

Tanlac is sold by all good druggists.

She says, "That man always arranges to have a stitch in his back when time comes along to put up the screens."

### EMPIRE GROVE CAMP MEETING

The day of the Camp Meeting has not yet passed although the character of the services have changed somewhat. The great crowds of the past are not so much in evidence, but earnest-hearted people still gather on these historic grounds for instruction, fellowship and inspiration. The Methodist Camp Meeting at Empire Grove, East Poland, Me., has a great history. To many the place has become very dear and the annual meeting is anticipated with pleasure. This year, the service is to be August 13 to 20.

A good program is being arranged. Four subjects will be especially emphasized: These are Bible Study, Church Study, Missions and Evangelism. One hour each morning will be occupied by Rev. W. J. Dayton of Augusta, with a study of the sermon on the Mount. Also one hour will be used by local leaders conducting a study of phases of church work. Foreign mission will have recognition by addresses given by workers from the field. Local pastors will bring messages of Christian life and sound Gospel call.

Among the special speakers, this meeting is to have the unusual privilege of two of our Bishops. On Wednesday, Aug. 16th, Bishop J. W. Hamilton D. D. L. L. D.; of Washington, D. C. will be present. Bishop Hamilton is well known in America and Europe, for many years he has been a useful service for God and Righteousness. On Sunday p. m., Aug. 20th, Bishop E. H. Hughes D. D. L. L. D. of Boston Area and one of the ablest preachers and administrators in the country will preach. These men should have a great hearing. It is hoped, and expected, that Governor P. E. Baxter of Maine, will be present and address the people on Thursday, the 17th. Rev. J. E. Lacouture of Boston, Mass., will give an interesting illustrated address on Hospital work Saturday evening, the 19th.

An unusual feature will be an address each evening, illustrated by stereopticon, on the "Centenary" and Foreign Missions. A picture service each evening. The Children are to have a Story Hour each day which they will greatly enjoy. Our People's services are to be in the hands of Rev. C. B. Oliver of Bethel. Good services are assured.

A new feature is a Boys Department. Certain groups of boys are considering a camping outing on the grounds for a few days last week during the whole week. This is to be under the care of trained leaders. Here is a fine opportunity for Sunday School classes or any groups of boys to spend a few days under wholesome leadership and influences.

Several from here went to Harrison, Saturday afternoon to the celebration.
